Afra Melia Daghmoumi
UX/UI Designer & Front-End Developer

I am a graduate with upper second class honours in Computing at Birkbeck University with a passion for building interfaces. I am interested in the full technology stack, particularly the front end and the user experience.

Skills

Design tools: AdobeXD, Figma, Miro, Webflow, Framer
Front-End: HTML, CSS, Javascript, React.js
Backend: Python, Flask RESTful API, Java
Languages: Spanish, Arabic, English

Experience

BhiveLondon- UX/UI and Web Designer

MAY 2025 - Present

Building a company website in React.js with CMS integration . Prototyping features using Figma and Miro.

SkillsPlay Ltd.- UX/UI Designer

OCT 2022 - JUL 2023

Providing wireframes/prototypes for an education app. Liaising directly with the development team to see features go from design to production.

NumberFit- UX/UI Designer

SEP 2021 - OCT 2022

Assisting senior UX/UI developers in producing Figma sketches. Put together an internal process for version controlling design ideas.

Freelancer- UX/UI Designer

AUG 2021

Designing UI and wireframes for different clients.

Nomad Technologies - Front End Developer

SEP 2020 - JUN 2021

Web development work for a small web consultancy. Designed and developed a website for a local religious community centre.
